BAPTIST REVIVAL BEGINS SUNDAY

Nursing Classes To Be Held Throughout County; Red Cross Nurse To Teach the Classes

Red Cross Nursing Classes will start in Comanche County on June 21, and will be free to every home in Comanche County.

In these times, the American Red Cross considers it a primary obligation to provide an opportunity for every woman to learn to keep well and keep every member of the family well, and to give simple nursing care in case of illness.

The Red Cross Nursing Course is designed and offered for this purpose, and every woman in Comanche County is invited by the Red Cross to enroll at this free nursing course.

Miss Williams, of the Midwestern Area of the American Red Cross, with headquarters in St. Louis, Mo., was in Comanche last week and met in the County Court room with an executive committee composed of Mrs. Tom Dudley, chairman; Mrs. John Chilton, Mrs. D. Chas. Clarke, Mrs. John D. Waring, Mrs. Ike Pipes, Mrs. George Clark, Mrs. Lewis Cunningham, Mrs. Bob Carpenter, Mrs. Oswell Brightman, Mrs. Vasco Lee, Mrs. Joe Tupin, Miss Edwinna Cearley, and Mrs. Elizabeth Mallard.

A Red Cross Nurse with the assistance of the capable Registered Nurse, Mrs. E. G. Gregory, Jr., of Comanche will teach the classes. The Red Cross nurse will be in Comanche County for at least two months.

There will be six classes held throughout the county. Places where this special nursing training will be taught will be in Comanche, De Leon, Gustine, Sipe Springs, Proctor, and Newburg.

All people interested in taking this course are asked to register at the County Court room in the courthouse on June 7, between 1 o'clock and 5 o'clock Monday afternoon.

For any additional information, call Mrs. Tom Dudley, Comanche or Mrs. John Weaver, sub-chairman, in De Leon.

"Fight diseases and sickness on the home front; and gain victory through health," is the keynote of the Red Cross teaching.

"This is a course of extreme value to every home in the county," says Mrs. Dudley, "and everyone should be interested in enrolling for this special training."

Dr. C. E. Matthews

Dr. Matthews, pastor of the Travis Avenue Baptist Church, Fort Worth, will speak Tuesday, June 8 at the Baptist revival

Dr. Hal Buckner

Dr. Buckner, of Buckner Orphans Home, Dallas, will speak at the Baptist revival here Thursday morning, June 10.

De Leon Stores Robbed After Watchman Tied

Night raiders, who in recent days have robbed Clifton and Lipan, struck at De Leon at 12:30 a.m. Monday and looted at least three business houses of $500, narcotics and merchandise after sejzing and binding a 60-year-old night watchman, W. C. Lightfoot, says a De Leon dispatch appearing in The Star-Telegram.

Comanche Sheriff W. P. St. Clair after an early checkup said the four gunmen broke into Weaver's Drug Store, Guinn's Drug Store and Terrill Grocery Store.

Each of the drug store safes yielded about $250 and narcotics, he said. A small amount of money was taken from the grocery cash register where cigarets and other merchandise were stolen.

Lightfoot said he was accosted by the four men, two of whom wore masks, as he patrolled in the business district.

He said the men stepped up to him unexpectedly out of the dark, seized and disarmed him. Lightfoot said he was first held under guard in an alley and then was taken into the back room of Guinn's Drug Store, where he was tied up.

He estimated that it took him 20 minutes to loosen his bonds and call Sheriff St. Clair at Comanche.

State highway police said Lightfoot's description tallied with that given by night watchmen accosted at Clifton and Lipan. They believe that two of the men recently escaped the Texas penitentiary.

ALVIS RAY WILSON NOW PRIVATE FIRST CLASS

Alvis Ray Wilson, son of Mr. and Mrs. C. C. Wilson of the Board Church community, has been promoted to private first class. He is stationed at Camp Mackall, North Carolina, and is in a glider division.

Girl Scouts Get $100 For Soldier Smoke Fund Here

The Comanche Girl Scouts working under the direction of their leader, Miss Bertie Jo Luper, raised $104 here Saturday for the American Legion Smoke Fund which will be used to purchase cigarettes to be sent to our men in the armed forces who are serving overseas.

The money turned in to the local Rector Cunningham Post of the American Legion by the Girl Scouts brought the total smoke fund to $430, just $70 short of the $500 goal for which the Post is working. If this goal is reached, the cigarettes can be purchased 10 percent cheaper and will enable the Legion to send overseas 220,000 packages, the largest amount of any Legion Post in Texas in cities of less than 50,000 population.

Miss Luper and the Girls Scouts are to be congratulated on the remarkable record they made last Saturday. Girls helping Miss Luper included: Betty Stewart, Martha Waring, Patty Jo McDonald, Elma Ann Jeanes, Billye Jo Barnes, Elloise Marshall, Nitza McKinzie, Virginia Ligon, Bobbye Carpenter, Patsy Payne, LaVerne Wells, Mary Ruth Ligon, Mary Jo Albin, Jan Franks, Patsy Faye Jenkins.

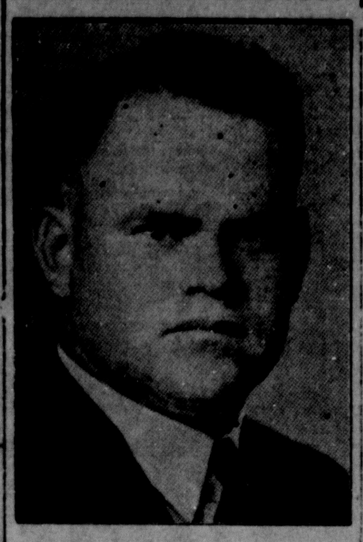

Eldred Jones Now Second Lieutenant

Lt. Eldred Jones, son of Mr. and Mrs. Hardie Jones of Comanche, received his bars as a second lieutenant in the graduating class of officer's candidates at Fort Benning, Georgia, last week.

Lt. Jones, a February graduate at Texas A & M, has been at the officers training camp at Fort Benning for the past three months.

He was a member of the 1938 Comanche High School graduating class, and was captain and a star player on the Indians 1937 football team.

E. G. Gregory, Jr.

Rev. E. G. Gregory, Jr., pastor of the First Baptist Church of Comanche, will direct the two weeks Association-wide revival which begins Sunday at his church.

Dr. Perry Evans

Dr. Evans, of Seminary Hill, Fort Worth, will leading the revival during the last week at the local Baptist Church.

Tommie Godfrey

Tommie Godfrey, of Fort Worth, will leading the singing during the two weeks revival at the First Baptist Church in Comanche.

June 30 Deadline For Getting REA Line Extensions

War Production Order U-1 C to permit electric extensions to farms to increase production of food expires June 30, according to an announcement from A. C. Thomas, superintendent of the Comanche County REA.

"Anyone interested in getting electric extensions on their farm should come in soon, and have their applications on file before June 30," says Mr. Thomas.

Under War Production Order U-1 C, farmers are allowed a 100 foot extension for every 1 animal unit. The minimum number of animal units needed to get an extension is 5, and the maximum is not to exceed 5,000 feet of line.

"One milk cow represents an animal unit," explains Mr. Thomas.

Miss Helen Mohon of Comyn is visiting Mrs. Bill Dudney.

Penalty On Wheat Crop Is Removed

The Comanche County ACA received a telegram Monday, May 31, stating that the penalty for failure to meet 90 percent of the war crop goal established for a farm had been eliminated, according to E. L. Pierson, Administrative officer.

War crops for Comanche County, Pierson said, are peanuts, grain sorghums, Irish and sweet potatoes.

Dies In Jap Prison Camp

Pvt. John David Milton, 19, son of Mrs. Ruth Milton of Comanche, died May 12 [illegible], a Japanese prison camp in the Philippines according to a wire received here Sunday by Mrs. Milton from the United States War Department.

The information was released to the War Department through the International Red Cross.

Pvt. Milton, well known and popular Comanche youth, was a 1941 graduate of Comanche High School. He was a star player, and the passer and quarterback of the Indians' 1940 football team.

He joined the army the day after his graduation from high school along with two of his classmates, R. L. Edwards and Glenn Hicks.

Pvt. Milton was listed as missing in action by the War Department on May 7, 1942, following the surrender of Bataan and Corregidor to the Japanese. At that time, Mrs. Milton was notified that her son would be listed as missing in action for one year; however, on May 7 of this year, she received another letter from the War Department saying that Pvt. Milton was continuing to be carried on the Army list as missing in action.

After getting a few months of training in an army camp in California, Pvt. Milton volunteered for foreign service. He was in the Philippines when war was declared. Only one letter was received from him in Comanche from the Philippines, that being written in March of 1942.

He is survived by his mother, Mrs. Ruth Milton, and a sister, Cynthia Milton.

Texas Univeraity Offering Math At Howard Payne

The University of Texas is offering a mathematics refresher course for teachers who need to review this field in order to teach in high school. The course is to be taught at Howard Payne College, Brownwood.

During the 8 weeks course, high school algebra, plane geometry, solid geametry and trigonometry will be covered. The study will involve 18 hours of problem solving and recitation, and 18 hours of study each week.

Registration fees are not required, and college credit is not given.

The course begins Monday, June 7. For further information, anyone who is interested should contact Dean Z. T. Huff, Howard Payen College, Brownwood.

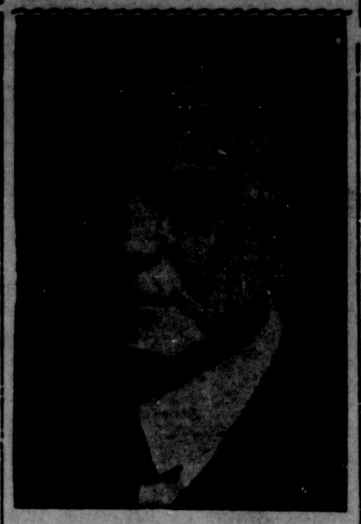

LEGION MEETING WEDNESDAY NIGHT

The local American Legion Post will meet at the County Court Rroom next Wednesday night at 8:30 o'clock.

Important business matters make it imperative that we have a large attendance of members who are interested in the Legion's work.

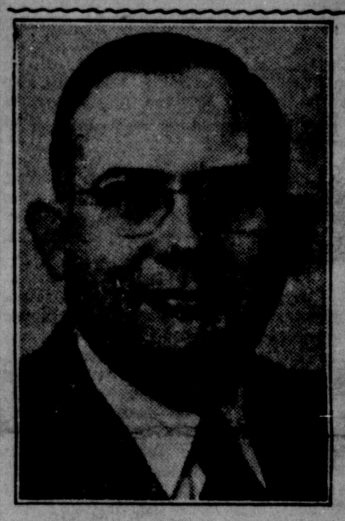

—A. P. Cox, Commander.

Dr. Geo. W. Truett

Dr. Truett, pastor of the First Baptist Church of Dallas, will speak in Comanche Thursday evening, June 10 and Friday morning, June 11, at the Association-wide Baptist revival.

Dr. W. R. White

Dr. W. R. White, who resigned as president of Hardin-Simmons University last week to accept a place on the Baptist National Board of Publications, will speak at the local Baptist Church Sunday, June 6.

Dr. J. B. Tidwell

Dr. Tidwell, Professor of Bible at Baylor University, will speak at the Baptist revival here Wednesday, June 9.

Fire Destroys Dublin Business Houses Saturday

Fire of unknown origin broke out in the downtown business section of Dublin at approximately 11:30 o'clock Saturday night and in two hours had destroyed the two largest buildings in town, says a Dublin dispatch appearing in the Star-Telegram. A high wind swept the blaze from the second story of one building, which houses the Sitton's Grocery, to the second and third stories of the Utterback Building, where several thousand bushels of government peanuts were stored.

Fine's Grocery was on the ground floors of this building. Fire departments from Stephenville, De Leon and Hico were called to assist the Dublin Fire Department. The amount of damage has not been determined.

Association Wide Meeting At Comanche Church To Draw Outstanding Baptist Leaders

Bringing together the best known leaders and ministers of the Baptist denomination in Texas, the First Baptist Church of Comanche, with Rev. E. G. Gregory, Jr., as pastor, announces the opening of a two weeks association wide revival beginning next Sunday, June 6. Never in the history of the local church have so many noted speakers been scheduled to appear within one week.

The greatest attraction will probably be Thursday night and Friday morning when Dr. George W. Truett, pastor of the First Baptist Church of Dallas and one of the seven ranking ministers of America, will speak.

Other speakers include Dr. W. R. White who has just resigned as president of Hardin-Simmons University to accept a place on the National Sunday School Literature Board of Publications at Nashville, and Dr. E. D. Head of the Southwestern Baptist Seminary at Fort Worth, and other well known churchmen.

The week following the associational representatives meetings will be a revival directed by Perry F. Evans of Seminary Hill, Fort Worth, long time successful Texas evangelist and Buckner Home Field Marshall. The music for the full two weeks will be under the direction of Tommie Godfrey of Fort Worth, who met with such great success here during the Baptist revival last year.

The program for the the first week follows:

Sunday, June 6th: Dr. W. R. White, president of Hardin-Simmons.

Monday, June 7: Dr. W. W. Melton, Mission Secretary Texas Baptist.

Tuesday, June 8: Dr. C. E. Matthews, Travis Ave. Baptist, Fort Worth.

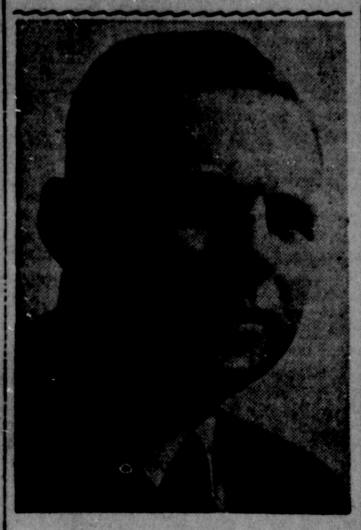

Wednesday, June 9: Dr. J. B. Tidwell, Professor Bible, Baylor University.

Thursday morning, June 10: Dr. Hal Buckner, Buckner Orphans Home.

Thursday evening, June 11, and Friday morning, June 12: Dr. Geo. Geo. W. Truett, First Baptist Church, Dallas.

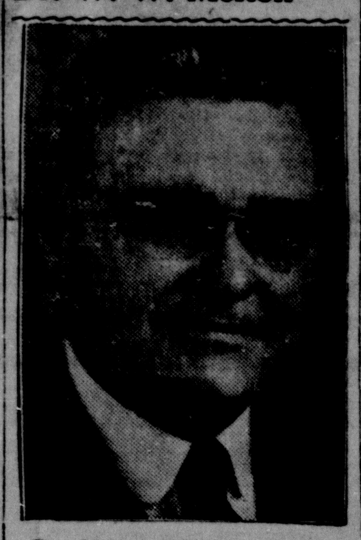

Sunday, June 13: Dr. E. D. Head, Baptist Seminary.

Dr. E. D. Head

Dr. Head, president of the Baptist Seminary at Fort Worth, will speak at the local Baptist revival Sunday, June 13.

Dr. W. W. Melton

Dr. Melton, Mission Secretary of Texas Baptist, will speak at the Association-wide revival at the First Baptist Church here June 7.

Presbyterians Sell $1,802.80 In War Bonds

The ladies of the Presbyterian Church at Comanche sold $1,802.80 in U. S. War Bonds and Stamps Saturday at their booth in front of Higginbotham's, bringing the total of Bonds and Stamps sold in the two month campaign conducted by the various women's clubs in Comanche to a total of $245,838.11.

Most of the purchases Saturday were in Bonds of small denominations, and the Presbyterian ladies with a sale of over seventy-five dollars in Stamps, had the largest Stamp sale of the entire campaign.

The Wednesday Club, which placed first in total sales, sold $59,486.30 in Bonds and Stamps, and was followed in order by the Baptist women, who sold $44,800, and the Eastern Star, who had a total of $38,484.40.

Mrs. Tom Dudley was chairman of this successful War Bond and Stamp sales drive, conducted by the various ladies clubs and church organizations of Comanche.

The drive officially closed Saturday night, when the Presbyterians finished with their sale.

MRS. BEN EVRIDGE BACK FROM HOSPITAL

Mrs. Ben Evridge, who underwent an operation two weeks ago at the Gorman Hospital, has returned home.

KARL JACK CARTER SAFELY OVERSEAS

Pvt. Karl Jack Carter, son of Mr. and Mrs. J. V. Carter, Sr., of Comanche, nas arrived safely somewhere in the Southwest Pacific according to word received here by his parents this week.

Dr. W. B. Gray New Presbyterian Minister Here

Dr. W. B. Gray, for more than twenty years pastor of the Presbyterian Church at Brownwood before he resigned several years ago to accept work in West Texas, has accepted a call as pastor of the local Presbyterian Church and the church at Bangs.

Dr. Gray will live in Brownwood where he has owned a home for many years and will divide his time between Comanche and Bangs, preaching three Sundays a month at Comanche and one at Bangs.

He is recognized as an outstanding minister.

Captain and Mrs. Herbert Goodson and daughter are here on a 15-day leave from the Army.

[illegible] when I go across I want over the Pacific to get revenge on those Japs."

• •

The sorrow was for the passing of John David, the second Comanche boy to die on foreign soil since this war began.

• •

Comanche football fans will remember little John David who was too small to buck through the line very often, but when he happened to get into an open field, Comanche was almost sure for a touchdown.

• •

During the First World War, most of the Comanche County deaths came within a month or six weeks preceding the Armistice.

• •

We have the Germans on the run now and have chased the Japs off Attu, but we may expect more casualties until the Axis is whipped.

Bible Thought: "Therefore, I say unto you, whatsoever things you desire, when ye pray, believe that ye will receive them and ye shall receive them."—Mark 11:24.

—o—

All Comanche County schools have closed for the summer, but few children will have a long vacation as there is work for everyone including the children.

—o—

Vacation trips are practically out for the duration.

Most college students are now girls or boys in the reserved forces and are attending school practically the year around.

—o—

Don't waste your time wondering why a black hen lays a white egg—get the egg.

The following poem was sent to The Chief by a Comanche overseas service man:

Letter to Strikers

And if our lines should form and break,
Because of things you failed to make . . .
The extra tank or ship or plane
For which we waited all in vain,

[illegible] advertised each week.

• •

Probably 200 or 300 small houses with modern conveniences could be rented here if the report got out in and around Brownwood that houses were available in Comanche.

• •

We believe that the population of the town of Comanche could easily be increased 1000 within a year if houses were available.

Comanche, however, would have close to a normal supply of rent houses and apartments, should the war close.

• •

There are a number of citizens of Comanche who now live in rent houses who plan on building new homes, some of them fine ones, just as soon as the war ends.

• •

Some of our young people are buying Bonds and Stamps and will cash them after the war and have enough to make a down payment on a new home and then can pay out the balance by the month.

—o—

J. Lutcher Stark, Orange, Texas, millionaire lumberman, is now driving a truck at night at 70c per hour on a Federal Housing job in that city.

• •

Stark, a former University of Texas Board of Regents member and sometimes known as the University's No. 1 football fan, says he took the job because there was a shortage of labor and because "I had nothing to do at night and was tired of playing bridge."

• •

Stark several years ago fitted out the Orange High School pep squad at a cost of several thousand dollars at his own expense.

• •

The Orange lumberman together with his mother has made gifts to the University totaling nearly $1,000,000.

—o—

Several parents about a year ago subscribed for The Chief to be sent to their soldier sons. Many of these subscriptions are expiring, some going to boys overseas.

• •

Under the rules we are required to stop these papers at expiration. If the parents want these papers to continue they are required to renew either by a letter or by appearing in person at The Chief.

• •

The Government is anxious for these boys to get their home town

Weekly gasoline allowance was cut 50 percent last week in the Eastern States.

—o—

The "Jim Crow" Law which provides for separate cars on trains for Negro passengers in Texas now applies to motor buses according to a bill just signed by Governor Stevenson. The Negroes may ride in the same bus but in the rear, back of a sign reading "For Negroes."

—o—

The Comanche Methodists who have whittled down the debt on their $60,000 church building erected in 1929 to $3,860 are planning to pay off the balance within the next few months.

• •

Under the rules of this church, a building cannot be dedicated until it is clear of debt. Rev. R. B. Hooper, pastor, states that a big dedication and homecoming program is planned "if and when the building is paid out."

—o—

Do you drink a gallon of whiskey or other hard liquor per year? If not, you are not getting your share.

• •

According to figures just released by the Government, the national average consumption of hard liquor per person in the United States in 1942 was 1.08 gallons.

• •

Texans, however drank less whiskey than the average in the other states, the consumption in this state being .73 gallons per person.

• •

Maybe if you did not get your share of whiskey last year, you drank more than your share of beer.

• •

To do this, however, you would have had to drink more than 14 gallons in 1942 as the average consumption of beer per person in the United States last year was 14.16 gallons.

• •

Texans, however, also drank less beer than the average in this country. The average for Texas was 10.58 gallons per person last year.

—o—

Under a new law, old age pensioners may get more money per month in Texas. The average check will be raised about 57c. That does not mean that every check will be that much, however.

—o—

Here is a brain teaser so easy that even we solved it: "Little Indian was big Indian's son; but big Indian was not little Indian's father. Who was big Indian?

"Dates" or "sweethearts" are now being rationed at the University of California according to an announcement which says:

With men students as scarce as candy bars, all deferred male students of the California institution are required to register with the University "Man Power Rationing Board." From there the girls take over.

• •

Each University girl is issued a "Sweetheart Ration Book." She can use 48 points per month.

Points are torn out of her ration book—

1. When she sits next to a man in class.

2. When she eats lunch or dinner with a man.

[illegible]

The idea is that even if the girl does not get a date out of every man she meets, she at least had an opportunity to try and must therefore give up points.

When any girl has used up 48 points she must go dateless the remainder of the month. She had a fair trial whether she got her man or not.

Girls who go steady and refuse to share their "dates" are considered "hoarders".

WHAT YOU SHOULD KNOW ABOUT VITAMINS

According to Government reports, 25% of the population eats poor diets; 50% eats fair diet and only 25% eats a good diet. A well balanced diet should contain 550 USP units of vitamins and essential minerals. For your convenience we have mounted a chart whereby you may check your various menus for vitamins. We carry at all times fresh stocks of vitamins most suited to your individual case. Ask for free booklet on vitamins.

FIGHT Coccidiosis

GET THE ACIDS BACK TO THE BLIND GUT

Coccidiosis kills swiftly when its parasites get into the ceca or "blind gut." Fight them with acids that can reach these vulnerable spots . . . use COCCI-DINE, preferred by thousands of poultry raisers for many years.

Use COCCI-DINE on our positive money-back guarantee—if it does not get results it costs you nothing. If your chickens or turkeys show signs of coccidiosis — bloody droppings or ruffled up feathers and general unthriftiness—put them on COCCI-DINE for four days.

It is not only the best treatment we know of for real Coccidiosis but is unexcelled for treating bowel trouble caused from over-feeding, or improper feeding. Compare our prices with other Acid Treatments.

CENTRAL CHRISTIAN CHURCH

Bible School, Communion, and Preaching every Sunday at ten.

This Sunday, June 6th, is known throughout our brotherhood as "Children's Day". Our work includes Africa, China, India, Argentina, Paraguay, Mexico, Philippines, Puerto Rico, Jamaica, and Japan. Our budget operates under what is known as "Unified Promotion" into which are merged most of our agencies calling for our unlimited financial support and constant prayers. The next special day for causes cooperating in Unified Promotion is Thanksgiving Sunday, November 21st. Besides our regular work around the globe, we are raising an "Emergency Million" to handle the extra strains due to global war.

—C. C. Klingman, Pastor.

Singing At Amity Sunday

There will be an all day singing at Amity Sunday according to an announcement by the committee.

All singers and lovers of music are invited to come. Bring your song books and dinner, the committee states.

[illegible] CHURCH

Our attendance sponsor for next Sunday is Mrs. Williams' Sunday School Class and this class will welcome you to all of our services next Sunday.

The Cole Bible Class was the attendance sponsor last Sunday with 390 total attendance which was an increase of 54 over the Sunday before. We are pulling for Mrs. Williams' class that they might go well over the 400 mark.

Sunday School at 10:00 a.m. Preaching at 11:00 a.m. and 8:30 p.m. The subject for the morning service will be, "The Fire of Jesus Christ", and the evening subject, "Why I Am A Christian and Not An Infidel."

You have a most cordial invitation to attend all of our services.

—R. B. Hooper, Pastor.

AT CHURCH HERE MONDAY

The Woman's Society of Christion Service met in regular session Monday afternoon at 3:00 o'clock with Mrs. Merlin Jenkins as leader. Mrs. D. G. Hampton brought an inspirational devotion based upon the First Psalm.

Other talks were given by Mrs. Martin, on "How the Local Church Can Help the Boys in Service," and by Mrs. Hooper, on "The Secret Peace." Mrs. Jenkins brought us a number of good thoughts on being faithful and also the basis of true greatness.

Mrs. Mallard gave the music for the afternoon, all hymns of faith and deep inspiration.

There were 12 visits to "shutins" made during the week. Let's each do more of this type service and make someone happy by our visit.

On next Monday we will have our Mission Study with Mrs. Vasco Lee as leader. Eveyone is urged to come to this meeting.

All the meetings through the summer will be at 4 o'clock, beginning June 7th.

PRESBYTERIAN CHURCH

Dr. W. Briscoe Gray is expected Sunday to preach at the Presbyterian Church, at 11 o'clock a.m. and 8 o'clock p.m.

Dr. Gray is the new pulpit supply for this church, but is not new to the people of Comanche. For twenty years he was pastor of the Brownwood church and has preached in Comanche many times. He has many friends here and we bespeak a large attendance to hear him.

—D. Chas. Clarke.

Mrs. J. E. Chilton has returned from Birmingham, Ala.

Mrs. George G. Smith underwent a major operation at a Brownwood hospital last week.

Deadline Extended For Seed Peanuts

Texas peanut producers have until June 30 in which to purchase seed for planting instead of May 31, according to the State USDA War Board.

Due to dry weather and the late planting season in the major producing areas, many farmers have not completed planting and would be handicapped in obtaining sufficient seed by the original deadline, E. L. Pierson, Administrative Officer of the Comanche County ACA said.

Under a plan whereby producers are guaranteed sufficient seed for planting purposes, county AAA committees have been cooperating with farmers in issuing planting certificates. The certificates, which are issued only to peanut growers, then are presented to dealers, where the seed are purchased.

The cash price to peanut producers obtaining seed for planting is $139.00 per ton for U. S. Spanish type No. 1 farmers' stock peanuts.

Texas farmers were assured fair prices for this year's crop when the price support recently was increased from $129.00 per ton to an average of $140.00 per ton for Spanish type peanuts.

In addition, producers also have been assured that additional pickers will be available for harvesting the 1943 crop. Approximately 320 pickers are being made available now and others will be released later. A total of 1,731 pickers were used in the State during 1942.

As the new machines are received, they will be routed into peanut producing areas and applications for their purchase approved by County USDA War Boards. Cooperation of USDA War Boards in routing the pickers aims at maximum use of all pickers during the harvesting season.

[illegible] WITH MRS. JOHNSTON

(Flora B. Couch, Reporter)

The Gustine Methodist Women's Society of Christian Service met for their monthly social Monday afternoon at the home of Mrs. O. D. Johnston with an unusually large crowd present. Several visitors honored us with their presence, as well as their assistance.

The minutes were read by Mrs. McCay, our secretary. We are always remided of so many things that the Society has done when we hear the reading of the minutes. A group of the women went to the Zone Meeting last Wednesday. A very interesting report was given by Mrs. Barnett of this week. "Lovest Thou Me More Than These?" was the subject of our devotional.

A special song by Mrs. Bumgarner and Mrs. Franks was en[illegible] our baby pictures and a prize was given to the one that knew the [illegible] and wrote the best [illegible] about them. Mrs. Jewell Franks was winner, receiving a pretty picture of a baby. Gifts were exchanged. We were then served a nice refreshment of homemade ice cream and cookies by our genial hostess and her daughter, Billie. They afternoon was enjoyed very much by everyone.

The young women of our church meet on Monday nights at Mrs. Petsick's. They seem to be having very interesting meetings, too.

The Methodist and Baptist folks have their Wednesday night prayer service together.

Our women are finding the Peace Study very interesting, with Mrs. Barnett teaching.

Mr. and Mrs. Curtis Montgomery spent the week-end in Comanche.

or—

Mr. Richard Roe,
1313 Turtle Street,
Fort Worth, 8,
Texas.

The war, Sullivan said, has taken a very large number of the experienced employees of the postal service an dthe public is urged to use the postal unit numbers when known.

Joy Jean Eaton Receives Degree

Among the 185 graduates of North Texas State Teachers College, Denton, this year was Miss Joy Jean Eaton of Comanche, who was awarded the bachelor's degree at formal convocation ceremonies held at the college Monday morning, May 31.

President W. J. McConnell of NTSTC presided at the commencement exercises, which were highlighted by the traditional hooding ceremonies.

Because of the calls to service during the past semester, many men now in the armed services received their degrees by proxy or in absentia and the convocation audience was dotted with men in uniform.

On Sunday morning, May 30, the graduation candidates heard Rev. Clinton L. Bowen, pastor of the Trinity Methodist Church, Dallas, give the baccalaureate address.

Miss Eaton, who is a member of the Mary Arden Club; Kappa Kappa Kappa, sorority; Sigma Alpha Iota, music fraternity; Alpha Chi, and Kappa Delta Pi, honorary organizations; and the A Cappella Choir, received her bachelor's degree in music. She is the daughter of Mr. and Mrs. Robert L. Eaton.

Completes Special Bombardier Course

Second Lieutenant Hulan Robertson, son of Mr. and Mrs. Loomis Robertson of Comanche, Route 4, has completed a special course of training at the Air Forces Central Instructors School for Bombardiers at Carlsbad, New Mexico. He is now assigned as an observer with air crews training for combat at an operational training unit.

Lt. Robertson is regularly stationed at the Midland, Texas Bombardier School, where he is an Assistant Flight Leader.

He is a graduate of Comanche High School and a former student of John Tarleton Agricultural College.

Graduation of the Air Forces Central Instructors School heralds a new era in aerial devastation of the Axis. Students in this "teacher-training college" of the air are the crack instructors of the nation's bombardier schools. Back at their regular stations, they will pass on to cadet classes the ideas and training given at CBIS.

CARD OF THANKS

We wish to thank each and every one for their help, thoughtfulness, and kindness during the sickness and death of our daughter and sister. May God's blessings be with each and every one. —The Graham and children.

Volunteers, Details Are Announced By Col. Neyland

The Corps of Engineers Specialists Recruitment Program, announced by Col. R. R. Neyland, Southwestern Division Engineer, provides for qualified civilians between the ages of 18 and 38, and therefore subject to induction through Selective Service, to volunteer in advance of their induction orders for the Corps of Engineers. Provision is also made for civilians in the age bracket between 38 and 50, inclusive, who are not subject to the draft at this time, to voluntarily enlist for the Corps of Engineers.

Construction men of various skills are required, such as:

Auto Mechanic Foreman
Balloon Gas Handler
Blacksmith
Blaster or Powderman
Bridge Builder
Construction Foreman
Carpenter, Constr.
Draftsman
Draftsman, topographical
Electric Motor Repairman
Electrician
Engineman, oper.
Fire Fighters
Foreman, Foundry
Foreman, Machine Sh.
Foreman, Machinist
Foreman, Warehouse
Furnaceman, Heat Treater
Hwy. Cons. Mach. Oper.
Jackhammer Oper.

Lineman, Telephone
Marine Diver
Mechanic, Master
Millwright
Motorboat Oper.
Motor Transporta.
Oper. Crane
Oper. Hvy. Cons. Equip.
Oper. Power Shovel
Oxygen Plant
Painter, General
Painter, Sign
Quarryman
Radio Operator
Radio Repairman
Receiv. or Ship. Clerk
Rigger

Struct. Steel Worker
Surveyor, topographic
Tool Maker
Toolroom Keeper
Tractor Driver
Tractor Mechanic
Truck Driver, Heavy
Truck Driver, Light
Utility Repairman
Water Sup. Foreman
Welder Combination
Woodworking Machine Oper.

Under this plan, trained civilian operators prior to their induction by their Selective Service Board may volunteer. The Nearest Area Engineer, Engineers stationed at various projects and the District Engineer at Fort Sam Houston, Texas, will take the application, pass on their qualifications, and if acceptable, will provide the volunteer with a letter which he will submit to his local Selective Service Board. This letter will earmark him for the Engineers with the Army Air Forces, Army Ground Forces, or Army Service Forces. The plan assures the volunteer that the work which he is trained to do will be the work that he will be doing in the Corps of Engineers.

From induction stations the volunteers will be sent to Army Reception centers and thence directly to the Engineer Training Centers at Ft. Leonard Wood, Mo., Camp Claiborne, La., or Jefferson Barracks, Mo. These specialists will be advanced in grade as rapidly as their training justifies. Moreover, they will have the same opportunity to secure a commission through the Engineer Officer Candidate School as other enlisted men. This plan is designed to speedup the normal process in view of their specialist skill.

The tasks of the engineers are many and varied. They build the bridges, construct the roads, and demolish them as well. From the Al-Can Highway to flood control—from the United States around the world the engineers perform. They are preparing the way for the forth-coming American victory. Said Major General Eugene Reybold, Chief of Engineers, in Washington, "We've got a date with a certain paper-hanger; and an engineer keeps his appointments."

For complete information, call, write or telephone the nearest Area Engineer or the District Engineer, Fort Sam Houston, Texas. Area Engineers are located at Camp Bowie, Brownwood.

Miss Laura Harris came in last week from Winslow, Arizona, where she has been teaching. After spending a few days with her parents, Mr. and Mrs. A. S. Harris, she went to Corpus Christi to visit her sister, Mrs. Welborn Dunlap.

WHITE POINT CLUB

(Beatrice Helm, Reporter)

The White Point Community Club is enjoying this year's work under the efficient leadership of Mrs. Maude Edwards. The officers are: Mesdames Maude Edwards, president; Edith Dudley, vice-president; Frances Waring, secretary; Shelby Rauhut, treasurer, and Beatrice Helm, reporter.

We meet twice a month on Wednesdays. We voted to meet at the White Point Church as it is a central point. We meet in the homes if it is more convenient for the hostess. We have met recently in the beautiful homes of Mesdames Editha Dudley and Emma Grayson. A large attendance was present and delicious dinners were served. We also enjoyed our yearly fishing and picnic dinner with Mrs. Ann Allen.

We appreciate the membership of several ladies from Comanche who aid us in our community work. The object of the club is to do all the good we can. We sew and knit for the Red Cross, sponsored one day Bond drive for the county, quilt for individual members, quilt fo rthose who have had their homes destroyed by fire, look after the sick and afflicted, and send flowers to the sick. When a death occurs we send flowers and serve dinner in the home. We have ice cream socials, Christmas trees, and birthday parties for the young and old. We keep the church repaired and ready for church gatherings. The light bill is paid as free will donations from individual members.

[illegible] From Son in Army

Because she believes it to be a typical letter received by many other mothers from their sons somewhere in the armed forces, Mrs. Loma Polvado of Comanche asks that we publish the following letter which she received from her son, Leon, written on Mother's Day from the Army Air Forces Technical School at Scott Field, Illinois:

Dearest Mother:

Today is Mother's Day, so I find myself writing one of the dearest mothers that ever entered the world. I did not realise that until now while I'm away and cannot be with you. Things really seem different without you this year.

I lay awake last night thinking of the days that we once spent together in peace and quiet, and now we are separted, miles apart because of this dreadful war. My time away and my loneliness for you is dreadful, but when we think and know that I am doing my country and my family a good deed, it's not so hard then. There are many mothers that are empty hearted this Mother's Day. More than ever before, we want the world safe so that Artis, Pat and Roy Dale can grow up without the fear of the Nazi Reich and their rulers.

I want to fight for that security, so that my family will live in peace afterward. If I lose my life, it will be a sacrifice for you and the other ones, because we are all fighting this battle. Just keep faith in me and pray for me day and night, and in the end we will make the next Mother's Day ring out when we can all be together again.

Until then keep your courage up, and I will never let you down. Let's see this thing through together, and make the end quick. With all the love in the world, from your loving son,

Pettit

Folks out in the country or in the smaller towns can't be running into the county seat every time some little—but, to them, important—matter comes up.

Justices of the ptace are usually of mellow temperament, deliberate of speech and action, wise and wide in experience, tolerant and kindly toward their fellow men; maybe not always learned in the technicalities of the law but rich in the knowledge of human nature and in common sense.

Many a neighbors' quarrel has been straightened out before it grew into something serious, because of the sense of fair dealing possessed bp some justice of the peace.

ANNOUNCE BIRTH OF DAUGHTER

Private and Mrs. J. M. McNutt announce the birth of a daughter, Saturday at a Gorman hospital.

The young lady who weighed seven pounds, has been named Marcie Grace.

Butter Paper at The Chief.

[illegible] to E. G. Hicks [illegible] Greeting:

You are hereby commanded to appear before the Honorable [illegible] District Court of Comanche County at the Court House thereof, in Comanche, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty two days from the date of the issuance of this citation, same being the 12th day of July A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 26th day of May A. D. 1943, in this cause, numbered 2886 on the docket of said court and styled The State of Texas Plaintiff, vs. E. G. Hicks, et al Defendant.

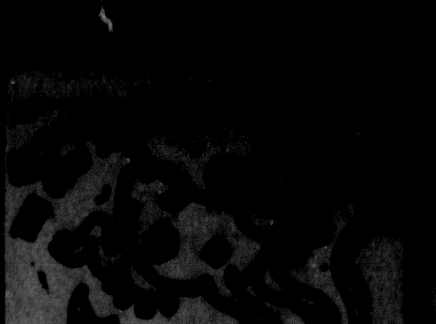

A brief statement of the nature of this suit is as follows, to wit:

A suit upon delinquent taxes in favor of the State of Texas, County of Comanche, for the years 1924 to 1941, both inclusive, on 160 acres of land in the J. A. Brown survey, Abst No. 2007, and being the N.E. ¼ of Sec. No. 6, H. & T.B. Ry Co. Survey, and situated in Comanche County, Texas, an dto which said land the E. G. [illegible] Governing Work Explained

The following article concerning recipients of old age assistance was recently released from the State Department of Public Welfare through Miss Leslie Bruton, legal department worker:

Old people on the assistance rolls who wish to accept employment may do so with the assurance that they will be immediately reinstated when they are again in need, J. S. Murchison, director of the State Department of Public Welfare, declares.

"Because of the shortage of man power, many people on the old age assistance rolls are finding opportunities for employment," Mr Murchison explained. "Some of this employment is of a temporary nature. Recipients are sometimes uncertain whether they should accept it for fear of losing their grants. We have realized that those on the assistance rolls must be free of any fears regarding futhre reinstatement if they are to participate fully in the war effort."

"Eligibility for old age assistance is based on need. Grants are for the difference between an eligible person's needs and his income. Frequently earnings are not sufficient for full support and many aged persons continue eligible although employed. The income from such employment, however, is considered in determining the amount of the grant."

The welfare director pointed out that with employment the individual usually has increased expenses. Also, if he has dependents, his income is first applied to meet their needs. "If income increases but is not sufficient to cover the aged person's entire living expense, he may continue to receive help i nthe amount that is needed," he explained. "Before a grant is reduced or withdrawn, the department makes certain that the aged person is actually no longer in need, that his income is sufficient to cover his and his dependents' current expenses, and that it may be depended upon with reasonable certainty. If the income is found to be sufficient and the grant is withdrawn, the old person knows that when he is again in need he will be reinstated on the rolls without delay."

Mr. Murchison voiced the department's appreciation of the fact that able-bodied old people who secure work are aiding the war effort in two ways: first, by contributing their labor to reduce the man power shortage, and second, by releasing limited State assistance funds for aged persons who are less able to help themselves.

"It is important," Mr. Murchison said, "that all recipients of assistance report to us increased income or the receipt of dependency allotments on the basis of service of a member of the family in the armed forces. The law imposes this responsibility upon recipients and they may be assured that the field worker will work out a plan with their for their security which will be faith both to them and the State."

CPL. DOYLE DILLARD LANDS OVERSEAS

Cpl. Doyle Dillard, son of Mr. anl Mrs. Les Dillard, has arrived safely overseas with American armed forces according to word received here this week by his parents.

His station was unannounced.

[illegible]

"Nutrition classes are drawing capacity crowds," according to Mrs. Emma L. Bond, FSA Regional Home Economist. "Womenfolks want to know how to plan well-balanced meals. They know the importance of health and keep first-aid kits at hand for any emergency."

Neighborhood gatherings are becoming more numerous, the report further shows. Farm women and their daughters are well-informed on National and world affairs, especially as they reflect need for American food. They realize that this is their war, too, and they have enrolled one hundred percent in the food production army.

A similar survey made in Comanche County by Supervisors Morell Richter and Roy J. Peace indicate that the FSA families in this county are doing their part in this all out effort. "Some very good plans are being carried out to increase the needed production," say the supervisors. "We are doing some fine work along this line, but there is always room for improvement, let's all do a little more."

HOW TO Get the Most OUT OF your Electric REFRIGERATOR
(THE HEART OF YOUR HOME)

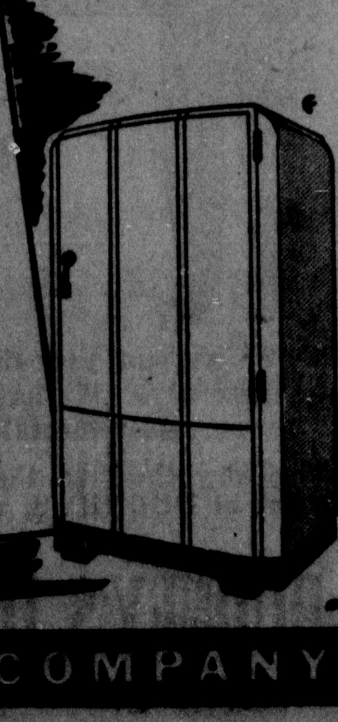

SUMMER is here. Right now your Electric Refrigerator has more work to do ... more important work than ever before because of Food Rationing.

AND, because it cannot be replaced for the duration, you'll want to give your Electric Refrigerator unusual care. Keep it in good working order ... do the little things which will help it give you its best performance ... call your repair man before any serious trouble develops.

SIMPLE SUGGESTIONS ABOUT THE CARE AND USE OF YOUR Electric REFRIGERATOR

1. Defrost before frost becomes more than ¼ of an inch thick, and clean refrigerator thoroughly, using a soda and water solution.
2. Let hot dishes cool before placing them in refrigerator.
3. After freezing desserts or other foods, turn temperature control back about halfway to normal and hold until served.
4. Avoid unnecessary openings of refrigerator door, closing it quickly each time.
5. Protect rubber gasket around the door by always using door handle when opening refrigerator. Replace gasket when worn.
6. Wash off spilled foods and liquids immediately ... both for the sake of cleanliness and to preserve the finish of your refrigerator.
7. Don't overload your refrigerator.
8. Cover all liquids. Moisture drawn to freezer speeds formation of frost.
9. Call your repair man if your refrigerator does not perform properly ... do not delay.

Callaway Pays Tribute To Friend

Following is Oscar Callaway's tribute to the late R. B. Wells, delivered at the Comanche Funeral Home on May 22:

R. B. Wells came here from Tennessee in August 1891, with a dollar and a half in his pocket. He was the embodiment of energy, determination, fixedness of purpose, frankness and courage. He came to the Comanche High School in the fall of that year. He was preparing himself to teach school, not witnstanding he was at that time twenty-two years old and in the grades. He went into some of the lower rooms, not the high school department. He had some classes, as I remember, in Miss Emma Gray's room and some in the high school department. Professor Rogers was superintendent and did not run the school on a strict grade system. He would let you go wherever you could do the work; and because Wells was so much older than the children in the grade school he allowed him to stay in the superintendent's office; and promoted him when he showed ability to work in a higher grade. He at once discovered that Wells was a real individual, with capacity, energy and integrity, and gave him every adavntage in the accomplishment of his objective, making a certificate to teach school.

We had county boards who granted certificates. The Comanche County board was composed of Professor Rogers, Miss Fannie Franklin, and Mrs. Ellen Roberson all of whom were wise and [illegible], who understood what a task to do the necessary work in the county schools. They were not bound by hard and fast rules. If they knew the person had the character and the capacity to teach what was demanded in the country schools they would give him a certificate. Wells soon made a second grade certificate and got a school at forty dollars per month. With fixed and determined purpose, he continued to work at improving his certificate and improving his position and salary.

In 1896, I attended the Summer Normal with him at Lampasas, conducted by Professor Rogers. Wells furnished the horse and buggy and we camped out, and slept on a blanket to save expense, and went to Lampasas to the Normal. He had a horse and buggy, I didn't. He agreed to let me have his horse and buggy to drive with a blackeyed school teacher if I'd teach him geometry and algebra. He always said I worked harder at the teaching and driving than I did a certificate. I retorted that I did the proper thing by him, he made a first grade certificate.

Our friendship was possibly cemented more quickly by our disagreements on questions that we were always prone to argue out. We hardly ever agreed, and because of that, we always had something interesting to talk about and developed a devotion that has always been to me a most gratifying friendship. I always felt that he never had anything too good to share with me, and I never had anything too good to share with him. It was always gratifying to me and I am sure it was to him, to be called on without reservation.

He was a real individual Tennessee character. We had many imports from Tennessee to Texas that sharpened our wits, helped our citizenship, and stimulated our patriotism. W. P. Rogers came from Tennessee. It might be that Andrew Jackson's native state aroused a spirit of courage, energy, and patriotism, due to the influence left by that real embodiment of courage, candor, and devotion to his country.

Sam Houston came from Tennesse to Texas, so imviewed with that spirit that he refused to go with those who did secede from the union. He claimed there was only one way to maintain our rights and that was under the laws and constitution, that it was neither wise nor patriotic to break the original compact. We never know the influences that really mould character. Champ Clarke said that "Andrew Jackson left upon his people the purest brand of patriotism, of devotion to our whole country and its ideals of any man that ever lived in this goodly land."

I do know that Wells' patriotism was pure; his loyalty and devotion to his friends challenged the admiration of every one that knew him. His courage was absolute. His qualities made him an outstanding citizen, a valuable school teacher, and an appreciated friend, and a worthy and valuable husband and father. He left a great inheritance to his family and an inheritance that should be appreciated by them, a standard in life to live up to. I am gratified that I have known and been colsely associated, through all these years with such a man. I have always felt bettered by the association. Such influences from Tennessee, the home of Andrew Jackson, and from Missouri, the home of Thomas H. Benton, who went to Missouri from Tennessee, have helped to make Texas what it is.

Jack Cauley, Jr., Valedictorian Of Amarillo High

Jack E. Cauley, Jr., 16-year-old son of Captain and Mrs. Jack E. Cauley, formerly of Comanche, was valedictorian of the 1943 graduating class at Amarillo High School.

He had an average of 96.07. He plans to attend the University of Texas.

Young Cauley is the grandson of Mr. and Mrs. W. C. Cauley and Mr. and Mrs. Joe Cadenhead of Comanche.

His father, a captain in the United States Army, is now overseas.

There were 167 members in the Amarillo graduating class.

Funeral Rites Held For Juanita Graham

Miss Juanita Graham, daughter of Jim Graham of Comanche died May 31 at the family home.

Funeral services were held Tuesday afternoon, June 1 at the Comanche Funeral Home, with Rev. Carter officiating. Interment was in Zion Hill Cemetery, near Van Dyke.

Pallbearers were Woodrow Howell, Carl McNutt, Rex Kinser, Robert Hughes, and Billie Barfield.

Flower girls were Wanda Birdsong, Juanita Griffith, Rena Kirkland, Dorothy Hughes, and Dorothy Gene Workman.

Miss Graham was born May 24, 1923 in the Mt. Pleasant community, where she grew to young womanhood.

In addition to her father, she is survived by the following brothers and sisters: Pvt. Grady Graham of Hawaii, Pvt. Leroy Graham of Wichita Falls, Autry Graham, Jake Graham, and Bobbie Jo Graham of Comanche, Mrs. Carl McNutt of Coleman, Mrs. Jeanatte Kinser of Gorman, Mrs. Woodrow Howell, Misses Nola B. Graham, Imogene and Louise Graham of Comanche.

Personal Mention

Miss Ethel C. Purvis of Borger and her sister, Mildred, spent the week-end with their grandparents, Mr. and Mrs. Julian Johnson, Mildred remaining for her summer vacation.

Mr. and Mrs. Earl Williams, Mrs. Pat Narry, and Miss ZaNette Stephenson of Fort Worth spent the week-end in Comanche with Mr. and Mrs. J. H. Stephenson.

Carvel Huddleston who was with the Edmondson Shoe Shop here before his recent induction into the Army, is now stationed in Wyoming.

Mr. and Mrs. Elton McCullough and children have moved back to Comanche and he is again with Kilpatrick's. On account of not being able to buy enough merchandise for both stores, Messrs Kilpatrick and McCullough sold the Stephenville store last week. Mr. McCullough reports that the firm enjoyed a good business in Stephenville as long as merchandise was available.

Andrew Underwood and family of Fort Worth spent the weekend with H. R. McMillan and family.

Mrs. Judith Johnson and son, Don, of Fort Worth spent the week-end in Comanche with her parents, Mr. and Mrs. D. Charles Clarke.

Mr. and Mrs. Dale Howard, Mrs. James Wilkerson, Mrs. Arden Lewis and Mrs. Charles Marshall were Austin visitors Friday.

Mr. and Mrs. Ralph Carnes have returned to their home in Ballinger after spending five days here between terms of the Ballinger Air School at which Mr. Carnes is an instructor.

Miss Mary Catherine Ory is expected home this week from Stephens College, Missouri.

Supt. and Mrs. W. Z. Compton went to A. & M. Sunday where they placed their son, David, in college.

Mrs. W. L. Tatum has returned home from Beaumont where she was called to nurse her son, J. B. Tatum, who was injured in the Pennsylvania Ship Yards.

Among those from Comanche who attended the homecoming at Proctor Sunday were Mr. and Mrs. Boyce Briscoe and daughter, Voncile, Mr. and Mrs. Paul Cato, Ray Little, Mrs. Hughlan Hughes, and Mrs. G. S. Clarke.

Mayor Proclaims Flag Week, June 7-12

Mayor W. C. Howe urges all citizens to observe next week as "Flag Week" in Commerce in connection with a proclamation issued by President Roosevelt and Governor Coke Stevenson calling for a nation wide observance during which time the American Flag will be displayed and the citizens will be asked to buy more War Bonds than usual.

Mayor Howe suggests that all business firms in Comanche put out their flags Monday morning and if possible leave them up during the day for the entire week.

Dr. and Mrs. Klingman Honored With Shower, Reception Tuesday

Mr. and Mrs. J. B. Allcorn and Miss Hattie Brightman gave a reception and War Savings Stamp shower for Dr. and Mrs. C. C. Klingman at the Allcorn home in Comanche Tuesday evening.

Dr. and Mrs. Klingman, the former Miss Minnie Cunningham, were married last Monday in Austin.

Mr. and Mrs. Allcorn, Miss Brightman, Mr. and Mrs. H. C. Polley, and Dr. and Mrs. Klingman were in the receiving line to welcome the guests.

The reception was held in the spacious and beautiful front yard of the Allcorn's. The yard was attractively decorated with gladioli, daisies, standing cypress, and various other baskets of cut flowers.

Guests were served punch from a bowl on top of a three hundred pound block of ice. Inside the ice a huge bouquet of trumpet flowers had been frozen, making the entire arrangement one of the most attractive and most unique ever seen in Comanche. Miss Grace Brightman of Baytown presided over the punch bowl.

Mrs. Oscar Callaway gave an original and interesting toast to the bride, and also presented her with a huge bouquet of Savings Stamps.

J. R. Eanes paid high tribute to Dr. Klingman both as a man and as a minister in his toast, and also presented him with a large bouquet of War Savings Stamps.

Dr. and Mrs. Klingman, known for years as among the best impromptu and after dinner speakers in Comanche, responded in their characteristic styles.

Mr. Allcorn, in a humorous and clever manner, served as master of ceremonies.

Following the presentation of the bouquets to the honored guests, an outstanding musical program was presented. Mrs. Arden Lewis and Mrs. Hardy Slider each delighted their audience with vocal solos. Mrs. Lewis and Letha Cunningham climaxed the program with a vocal duet. Mrs. Ruby Rudd and Mrs. D. Charles Clarke accompanied on the piano.

The reception ended in a general old fashioned sing-song, with all guests taking part.

Mrs. C. F. Silvus of Austin presided over the registering of the approximately 200 guests.

Among others, the out-of-town guests included Mr. and Mrs. Gib Callaway, Brownwood; Mrs. Stella Fletcher Stoddard, Brownwood; Mrs. Rufus Higgs and Mrs. W. H. Carpenter of Stephenville, and Mr. and Mrs. W. W. Cox of San Angelo.

Mrs. W. E. Dupuy Claimed By Death

Mrs. W. E. Dupuy, for many years a resident of Comanche, died at a Dallas hopital Tuesday following an illness of several months. Funeral services were held at the Comanche Funeral Home Thursday afternoon at 5:00 o'clock with Dr. C. C. Klingman, pastor of the Central Christian Church in charge. Burial was in Oakwood Cemetery.

Pallbearers were J. R. Eanes, A. P. Cox, Bob Carpenter, T. C. George, Tom Pate, and M. Coleman.

Mrs. Dupuy, a member of the Central Christian Church here, came to Comanche before her marriage about 30 years ago to the late Will Dupuy. Mr. Dupuy was a well known employee of the railway system and worked for the Frisco here for many years before that line was purchased by the Santa Fe. He was agent here for the Santa Fe at the time of his death in 1939.

Besides other relatives, Mrs. Dupuy is survived by a son, J. B. Dupuy, stationed at Fort Leonard Wood, Mo., with the United States Army. Young Dupuy was a government employee with the construction department of the WPA. J. B. arrived in Comanche Thursday afternoon on a furlough.

Deeds Recorded.

Mrs. Berta Goodson to S. J. and Ruth Yother, 37 acres of the C. J. Cox Patent and 87 acres of the Lampasas County School Survey. Consideration $3,170.

Miss Bonita Westmoreland of Round Church spent the week-end with Miss Grace Cunningham.

Little Hints and Cautions for Poultrymen

1. VACCINATION. Birds should be vaccinated for fowl pox between the ages of 6 to 12 weeks . . . at least 4 weeks before pullets start to lay. Late vaccination gives the birds a "set-back", and will knock production if the birds have started to lay.

2. CONTROL LICE & MITES. These parasites cost poultrymen thousands of dollars each year; still they are easy to control.

3. BEWARE OF COCCIDIOSIS. Coccidia reproduce very rapidly under warm moist conditions. Avoid damp litter on the floor. Keep chicks on a well drained range, never allow chicks to drink water from puddles on the range. Practice sanitation. If you should have an outbreak, let us recommend treatment.

4. EARLY WORM CONTROL. This year it is more than ever necessary for everyone to keep his flock free of worms. Worms weaken the ersistance of your flock to where they may contract almost every disease known to the poultry world. Use Dr. Salsbury's Avi-Ton or pullet size Rota Caps, for early worm control.

Control Parasites To Reduce Paralysis

The after effects of prolonged parasitic infestation often are more harmful than the immediate injury. Research workers have found a higher incidence of fowl paralysis in flocks that have undergone seve attacks of coccidia, worms, and even lice and mites.

Workers at the University of Virginia have found the common red mite capable of transmitting fowl paralysis. Investigators at the College of Veterinary Medicine at Ames, Iowa, have ventured the opinion that the injuries caused by coccidia and other parasites of poultry might open up avenues of entrance for the causative agent of fowl paralysis.

When the digestive and absorptive cells lining the walls of the intestines are injured by coccidia or worms, they lose their natural selective ability and may not be able to keep harmful disease agents out of the blood stream.

Investigators at the University of Michigan also have held that the cells injured by parasites are replaced by scar tissue which does not have the ability of the original cells to absorb and digest food. Severe and prolonged parasitic infestation reduces the digestive efficiency of a growing pullet so her productive ability may be impaired permanently.

Regular and frequent treatments to rid poultry of internal and external parasites, including coccidia, worms, lice, and mites, will enable pullets to develop normally so they can produce in accordance with their inherited ability. (1tc)
